### ***René LIAUZON appointed as Head of Raw Hide and Tannery Department***

CTC, worldwide leader in quality assurance, consultancy and training for footwear and leather goods, is pleased to announce the appointment of René LIAUZON as Head of Raw Hide and Tannery Department.

His arrival consolidates CTC's expertise and broadens the scope of CTC's activities to the raw hide field and quality assessment of raw material.

He will lean on the current experts' team composed by Anne-Laure Leprêtre, Éric Valot and Bernard Vitteau.

René LIAUZON's perfect knowledge of the European leather industry and its different partners will contribute to propose global solutions to tanners and skin & hide professionals.

René LIAUZON is a graduate from the French Tannery School (1982).

Before joining CTC, he was a leather and chemical products engineer and then occupied several top managing positions in France and Italy as Production Manager, Manufacturing Director and Chief Executive Officer of a Tannery.

René LIAUZON has been President of the French Leather Industry, "Fédération Française de la Tannerie Mégisserie" FFTM, from 2006 to 2008.
